OUR PROCESS

1. Consultation

We'll identify client needs, brainstorming, find ideas and propose a production plan according to client's need & budget.

2. Creative Stage

Our creative team will design a production plan & Storyline as well based on client's need and budget to be approved before production stage.

3. Production Stage

Once the client approved the creative aspect, we will start with the filming process according to the approved production plan.

4. Post Production Stage

We will do the post-production stage including Video Editing, Color Grading, and other finishing process to the final video.
